

UI/UX DESIGNER

LA PLATA

You like to design digital experiences and create digital products that people love? We are looking for a new team member who gets the big picture of the product and bring it to life.

WHAT YOU'LL BE DOING

You'll be part of a team, which will be creating innovative products and experiences. Following best practices, understanding usability patterns and at the same time thinking outside the box.

REQUIRED SKILLSET

- ✓ 2+ years of experience working on real projects designing UI/UX.
- ✓ Full professional working proficiency in English to communicate with our clients (spoken and written)
- ✓ Good knowledge of Design Software (such as Illustrator, Photoshop, Sketch, Figma, Invision, Atomic, etc).
- ✓ Good communication skills to collaborate with different teams.

You fancy flat hierarchy and direct communication? You share [our values and visions](#)? Send your application to contribute to our team and enjoy our unique work culture!

MORE ABOUT YOUR JOB

- # Design Digital Products from concept to final delivery.
- # Do research, create prototypes, wireframes low and hi fidelity, define style guides.
- # Work together with clients and development teams to deliver projects on time
- # Deliver well-defined documents to stakeholders, to ensure that design specifications are met in the final product.

MORE ABOUT YOUR PERSONALITY

- # Passion to learn and make things work.
- # Fast learner.
- # Communication and interpersonal skills.

NICE TO HAVE SKILLS

- # Experience working with Agile Methodologies.
- # HTML, CSS knowledge.
- # Knowledge or experience working with Motion UI.
- # UX patterns knowledge.
